

Concurrent Registration

Concurrent Registration

Concurrent registration for undergraduates working toward a degree at Northeastern Illinois University is permissible. Prior to enrolling at another college or university, the student must meet with their academic advisor to determine which courses are appropriate for the student's progress toward graduation.

Please refer to the Concurrent Registration Checklist for important information regarding the transferability of courses and the concurrent registration process. The checklist can be found on the Registrar's Office (<https://www.neiu.edu/academics/registrar-services/forms/>) web page.

The final decision regarding the transferability of courses will be determined by the Office of Admissions Review and Processing when the official transcript is received.

Questions regarding concurrent registration can be directed to the Registrar Office at (773) 442-4039.
