

# Graduate Certificate in Public Health

---

The Graduate Certificate in Public Health is designed to meet the needs of professionals seeking to gain supplemental knowledge in public health. With a unique emphasis on health disparities and health equity, the certificate prepares learners to collaborate with, conduct research in, and work in a variety of public health settings including public and private health care organizations, health research facilities, social service and environmental health agencies, and government institutions.

## Admission Requirements

Applicants can find University Graduate Admissions requirements here (<http://catalog.neiu.edu/admissions/graduate-students/>) in the Academic Catalog. Additional application information can be found on the Admissions website (<https://admissions.neiu.edu/admission-requirements/>). Program-specific admissions information, including when the program accepts applications for admission, can be found here.
