

Financial Aid, Scholarships and Student Employment

Northeastern Illinois University is committed to providing an affordable education to all enrolled students and takes pride in its graduates completing with the least amount of loan indebtedness in the region. The primary responsibility for covering the cost of attendance rests with the family and is reflected in the Student Aid Index (SAI) for those applying for financial aid. There are two primary applications for student financial aid (1) the FREE Application for Federal Student Aid (FAFSA) and (2) the Illinois alternative application for those not eligible to complete the FAFSA. Federal and state assistance programs are meant to supplement educational costs and be combined with institutional and private scholarship assistance to avert over-borrowing. For purposes of financial aid eligibility, full-time enrollment is defined as twelve (12) credit hours for undergraduate students and nine (9) credit hours for graduate students. Half time enrollment is defined as six (6) credit hours. Financial Aid is located in D-200 (773-442-5016) and offers assistance in meeting educational expenses through grants, scholarships, student employment programs and loans.
